The new Panorama Hotel Fontanella*** is waiting to welcome you on your holiday!

We put our guests at the centre of attention, offering them the chance to live wonderful and unforgettable experiences while on holiday, relaxing and making the most of the many opportunities this territory offers.

The hotel was renovated and extended in 2011 - according to eco-sustainable principles – in order to meet all clients' needs and making it the ideal place for those of you who love nature and a holiday in the mountains: hikes and strolls in the summer, snow sports in the winter.

The hotel, that is very near the centre of Madonna di Campiglio, is the first hotel you meet when approaching this winter resort. It is 1.500 metres above sea level and has an unequalled view of the Brenta and Adamello groups. This is the ideal place for those of you who enjoy peace and quiet, yet in only a few minutes you will reach all mountain tracks and ski slopes: the hotel is in fact located near the new Skiarea

Our rooms are big and cosy and suitable both for families with children, as well as for couples. They are all furnished in different ways but all have big bathrooms and balconies with wonderful views, offering you a traditional and familiar mountain atmosphere so that you and your partner or children can enjoy your stay. During the winter, you can feel snug in our restaurant and typical mountain-style dining room built in wood, while during the summer you can relax on our big terrace and enjoy its wonderful view. These are the ideal places to taste and enjoy the specialties of our territory.
