

Country and the mobility services: train, bike, taxi!

Dolomiti di Brenta Bike country è l'occasione per poter muoversi (in mountain bike) in libertà e spensieratezza, senza inconvenienti o scoraggianti avventure. Vogliamo regalarvi solo emozioni!

For this reason we have thought of an integrated mobility service: dedicated to those who want to get around safely, with the certainty and reliability of the additional service that allows you to better organise your tour. A great help to overcome the most challenging stretches, to transfer your bags or simply to facilitate your movement, for you and your family.

Bike-train Service

Sui [Trentino Trasporti](#) local trains it is possible to transport your bike on the [Trentino Trasporti local trains](#) that run from Trento to Malè passing through Cles (i.e. Val di Non and Val di Sole which are part of the Dolomiti di Brenta Bike). You can even leave from your own town in Italy and Europe leaving the car behind: the train is a practical, safe, cheap and environmentally friendly means of transport!

Bike-bus Service

It is also possible to transport your bike on the [Trentino Trasporti](#) buses. In the summer period special trips have been scheduled to transport the bike through the most difficult parts.

Taxi Service

There are numerous private partner operators that provide mobility services, luggage transport and bike shuttle! A guaranteed and flexible service, quick and at affordable rates

The most challenging stretches
